Kasseler Sparkasse HQ

📍 Location:	Kassel, Germany
Shading Solution:	External Venetian Blinds, Dunker motors and Vestamatic SMI RS485 motor control
Delivery:	Bosch
Architect:	Atelier 30

The new S-Finanz-Campus is to be finished by mid-2024 as the new headquarters and Germany's largest Stadtparkasse bank branch. The Stadtparkasse will offer its customers a modern and sustainable consulting environment, with the new building meeting the standards of the German Sustainable Building Council (DGNB).

Vestamatic in combination with Bosch is delivering the shading control automation functionality for the buildings new External Venetian Blind (EVB) shading systems. The digital motor drives by Dunker will provide two way real-time data feedback from each motor to the building management system.
